[Cyber Liability Additional Information](#)

Our Cyber Liability Markets are rated "A+" (Strong) by Standard & Poor and "A++" (Superior) by A.M. Best – admitted and surplus lines capability.

Their state-of-the-art NetGuard® Plus Cyber Liability insurance solution combines broad **first party** and **third party coverage** with access to expert cyber security services and claims professionals. CPLG leverages data and artificial intelligence (AI) during the underwriting process to accurately accommodate the exposure, claims, and loss history of each unique risk.

It's not just enough to have a policy in place, you want the security to know you can count on us before and after a breach happens. they worked with preferred vendors to provide next generation anti-virus software, back-up cloud provider, and multi-factor authentication to protect from unwanted infiltration of the network. With their cyber security website, CyberNET®, your insureds have access to cyber expert consultants available online or via phone to advise how to mitigate data and privacy breaches, prepare an incident response plan and respond to a suspected breach.

NetGuard® Plus **Third Party** coverage includes:

- Security and privacy coverage
- Multimedia Liability
- Privacy Regulatory Defense and Penalties
- PCI DSS Liability
- Bodily Injury Liability
- Bodily injury coverage
- Property Damage Liability

- TCPA Defense

NetGuard® Plus **First Party** coverage includes:

- Breach Event Costs
- Post Breach Remediation Costs
- BrandGuard
- System Failure
- Cyber Extortion
- Cyber Crime
- Bricking Loss
- Property Damage Liability
- Court Attendance Costs
